Report for the Year 1923.

IN presenting the Report for 1923, the Committee wishes to point out that it is the 175th Report of the work at this Hospital, which continues from year to year to demonstrate its increasing usefulness to the community, as shown by the following figures. These excellent results are due to the skill and energy shown by the Medical, Surgical and Nursing Staffs, to all of whom the thanks of the Committee, and patients, are due.

During the year 4,780 In-patients were admitted to the Wards, being an increase of 303 over the previous year. The number of new Out-patients was 29,116, an increase of 2,295 over the previous year. Out-patient attendances reached a total of 180,635, which included 56,148 in the Orthopaedic Department, and 6,959 (of which 151 were for radium treatment) in the Radiological Department. In-patient operations numbered 2,471, and 1,585 operations were performed in the Out-patient Department. There were 33 children born in the Thornton Ante-natal Ward, exactly the same number as in the previous year.

In view of the increased number of patients, it is satisfactory to be able to report that the total expenditure for the year shows a reduction of £818 compared with 1922. The main reduction being under the heading of Domestic, and chiefly accounted for in coal, gas and electric current. A reduction is also shown in salaries, wages, etc., and a still further reduction may be anticipated in this section of the expenditure during the current year, owing to the Committee having found it desirable to reduce the number of Masseuses employed.

An increase of over £1,000 is shown in the items included under the heading of Surgery and Dispensary, and, whilst this would naturally to some extent be compatible with the larger number of In-patients treated, it is mainly accounted for by the amount spent on Insulin for the treatment of Diabetic patients. It is pleasing to report that the cost of this drug has now very considerably been reduced.

The ordinary income for the year was £33,565, and, whilst this is an increase of £1,611 over the ordinary income of 1922, it is £9,044 less than the ordinary expenditure for the year.

The total income was £42,554, as compared with £53,902 in 1922. The large decrease is accounted for by the exceptional amount received from legacies in the previous year, and to the grant from the Voluntary Hospitals' Commission.

The excess of total expenditure over total income for the year amounted to £5,137, and the total deficit on the General Account to December 31st, 1923, is now over £22,700.

The anticipations expressed in the last Report that receipts from the National Health Approved Societies would show an increase have been justified, and no less a sum than £2,241 was received from those Societies which agreed to make a contribution to Hospitals in respect of such of their members as are entitled to "Additional Benefits."

The Hospital Saturday and Sunday Fund contribution was £3,720 as compared with £4,000 the previous year. Whilst, of course, the Committee regret the decreased sum, it is most grateful to the Fund for the continued valuable assistance.

Legacies received this year amount to £5,104 14s. 9d. as against £14,837 4s. 2d. last year. Besides the above amount in Legacies for General Purposes, we received £2,400 residue of the late Mrs. Gertrude Alice Rees' Estate, which is earmarked especially for the Convalescent Relief of persons who have been In-patients in the Infirmary. It is hoped very shortly, with the aid of this and other funds available for the same purpose, to formulate a scheme which will release beds in the Hospital more quickly, and, to that extent, relieve the long list of people waiting for treatment.

The Committee regret to record the death of two valuable friends of the Hospital in Sir William P. Hartley and Sir Thomas Hughes, and in noting this loss would mention that both these gentlemen thoughtfully left instructions with their Executors to continue their subscriptions for a period of five years, to enable the Hospital to adjust its finances.

The outstanding feature of the year was the visit which Their Royal Highnesses the Duke and Duchess of York paid the Hospital on July 24th, when His Royal Highness graciously

laid the Corner Stone of the New Nurses' Home, and also formally opened the Larrinaga Gynæcological and Obstetrical Operating Theatres and Ward.

After being received by the President at the Infirmary main entrance, where presentations took place, Their Royal Highnesses proceeded to the Out-patient Department where the Lord Mayor extended the City's welcome, and various speeches were made. Her Royal Highness the Duchess of York received Purses of £25 and upwards, from the various Donors, amounting to £2,092 7s. 6d.

Their Royal Highnesses then proceeded to the New Gynæcological Theatres, and site of the New Nurses' Home.

The Committee would take this opportunity of recording its thanks to the Donors of the Purses.

The first part of the New Home is now assuming definite proportions, and is expected to be ready for occupation at the latter end of the coming summer. About £3,000 is still required to cover the cost of the first part of the Home.

The New Larrinaga Operating Theatres were brought into use in June last, and, in addition to enabling operations to be carried out under the best possible conditions, since they are perhaps the finest Theatres of the day, are a permanent tribute to their generous benefactor—Mr. Domingo de Larrinaga.

Under the age regulation, Dr. C. Thurstan Holland, Honorary Radiologist for 18 years, retired in March, and Dr. J. Hill Abram, Senior Physician, after 28 years on the Honorary Medical Staff, retired at the end of December. In recognition of his long and valuable services Dr. Holland was appointed Honorary Consulting Radiologist at the last meeting of Trustees, and a Resolution appointing Dr. Abram as Honorary Consulting Physician is submitted to the Trustees at this meeting.

To fill the vacancies, Dr. R. E. Roberts was appointed Honorary Radiologist, and Dr. John Owen as Physician. The vacancy as Honorary Assistant Physician, created by Dr. Owen's promotion, was filled by the election of Dr. A. Douglas Bigland.

Mr. H. Clements resigned from the Committee during the year, and a further loss was deeply felt by the death of Mr. Alfred Chandler. The Committee was pleased to welcome Mr. H. M. Fletcher and Mr. G. T. Phizackerley on their election to the Committee.

The Committee also regrets to record the death of Mr. W. H. Walker, who for many years had acted as Honorary Auditor of the Nurses' Home Accounts. This work is being graciously carried on by his Firm.

The Committee again wishes to record its gratitude for the substantial help received from the Ladies' Linen League, the membership of which, it is gratifying to note, has now reached 496. 1,330 articles were contributed to the Hospital during the year, in addition to a donation of £100 for the purchase of Linen, etc.

Annual Report for 1923.

THE work during the past year has progressed satisfactorily on the whole, although from the financial point of view we have to note that the total amount received in fees for private nursing is distinctly less than last year. This is due to the fact that there were fewer Fourth Year Nurses available this year for the Private Staff. Several Nurses, who, in the ordinary course of events would have gone on the Private Staff, left on the completion of their third year: this remission of a year being in accordance with an arrangement existing with several of the local Special Hospitals, whereby an approved number of their Nurses are accepted for the shorter period of General Training. As a set-off against this loss in income we are glad to be able to say that the expenditure side of the account has also been reduced, so that the demands on the general funds of the Royal Infirmary are decreased to the extent of about £160 on the year.

The principal event of course has been the Laying of the Foundation Stone of the New Nurses' Home, a long-looked-for and eagerly anticipated event, to which full detailed reference is made in the Matron's Report. The Committee of the Home are glad to be able to say that, thanks to the generosity of a limited number of citizens, and also helped materially by the splendid "Purse" collection on the occasion of the actual Stone laying, the total sum received is within quite measurable distance of enabling us to complete the first instalment of the finished plan. It is hoped in the Autumn of 1924 that the actual opening of this portion of the Home will be witnessed and the Nursing Staff of the Infirmary placed in possession of quarters worthy of the work that they are doing, and of the Infirmary to which they are attached. But a great deal remains to be done in the matter of collecting funds for the completion of the work. We feel quite sure that it will not be the intention of the citizens of Liverpool that this Nurses' Home, carrying with it the tradition of being that from which the modern system of nursing practically emanated, should be left for any number of years in an unfinished state. We therefore confidently appeal to those who recognise the outstanding value of the

work done by the Nursing profession that they should assist to the fullest extent of their means and sympathy towards securing the desired end. **Fifty Thousand Pounds** will be necessary to complete the Home, and we can think of no better means of perpetuating the name of a relative or of a family, than by giving a donation which would, for all times, definitely associate a portion of the new building with the name of the donor or family.

The Profession of Nursing to-day stands higher in the estimation of the nation than it has ever done. It is essential that the standard that has been reached shall be maintained and even, if possible, enhanced. The curriculum laid down to-day before a Nurse can become fully qualified is a strenuous one, her daily life in the Hospital does not grow any less arduous with the gradual progress of science, but on the other hand the devotion to her charges was never more fully in evidence.

We congratulate the Matron and the whole of the Nursing Staff on their work during the past year, which was on the very high level that the Royal has always endeavoured to maintain. We trust to have the pleasure of welcoming the friends of the Home as well as those associated with kindred Hospitals some time in the Autumn, of which due notice will be given.

Matron's Report for 1923.

IN 1923 the applications for training remain much as last year—443—but, unfortunately, in common with the experience of most Hospitals, the unsuitable candidate still predominates too largely to be encouraging. Forty-one entered, of whom seven left.

Twenty Nurses completed their third year, the small number being due to several having lengthy periods to make up after illness, and four proved too unsatisfactory to complete their training.

Twenty-six Nurses completed their fourth year, certificated, of whom five were promoted to Sisters' posts, four went as Sisters to other Hospitals, and the remainder left to do District Nursing, Private Nursing, and to take the C.M.B. Certificate.

The posts elsewhere are as follows:—Sister Mildred Williams, who had been here twelve years—the last four as Night Sister—was appointed Assistant Matron of Leasowe Children's Hospital, and left with our good wishes. Sister Anderson, after four years in the X-Ray and Out-patient Departments, left to be Assistant Matron of the Eye and Ear Infirmary, Myrtle Street; the other posts including—Night Sister, Children's Hospital, Heswall; Theatre Sister, Chester Royal Infirmary; Two Sisters, Bristol Royal Infirmary; Night and Day Sisters, Lowestoft; and Ward Sisters in Grantham and Blackpool Hospitals.

Six Sisters returned to posts here after being in other Hospitals.

Examinations.—Mr. Russell-Howard examined the Senior Nurses, both written and viva voce, and Miss Wolseley-Lewis examined in Bandaging and Practical Nursing. In the latter there were two failures. These Nurses had already sat for the following examinations as heretofore:—Matron's, Elementary Anatomy and Physiology, Medical and Surgical Nursing, Diseases of the Skin, Ear and Throat, Eye, Pharmacy, Venereal Diseases, and Bacteriology.

Prize Winners were—First, Nurses Gavigan, Grace and Price.
Second, Nurses Grace, Belsham, and Bowness.

The prizes were presented by Mrs. T. H. Bickerton, who made a charming little speech, this ceremony being combined with the Linen League Show, when several hundred friends

NUMBER OF MARKS IN THE FINAL EXAMINATIONS

of the "Royal" were entertained to tea. As will be seen from the Report, the League has fully justified its formation in 1919.

It has been decided by the Nursing Committee that a Gold and Silver Medal—instead of Book Prizes—shall, in future, be awarded to the two Nurses who attain the highest number of marks in the final examinations—Theory and Practice. Very attractive replicas of the Hospital Seal, which heads the Certificates, have been made, and await two fortunate Nurses this year.

The sick-list varies little in numbers. Seventy-five have passed through the sick-room, which number includes one case of Diphtheria, three Appendectomy, one Pneumonia, and the other minor ailments, all making good recoveries.

In the Annual Tennis Tournament the Cup was won by Sister Naismith and Dr. Walsh, Ward IV., the runners-up being Nurse Lathom and Mr. C. O. Davies, Nurses' Home. It therefore passed to Ward IV., after adorning Ward IX. for two years.

The Red Letter Day in 1923 was the Royal Visit in July, anticipated with enthusiasm by one and all, when His Royal Highness the Duke of York laid the "Corner Stone" of the first block of the New Home, in which stone was sealed, besides the usual literature and coins, the names of all those comprising the Nursing Staff that day, numbering 128.

Her Royal Highness the Duchess of York also received Purses of £25 and upwards, to a total of £2,092 7s. 6d.

The Purses were of Parma Persian leather tooled with gold, on one side the Coronet of the Duke, and on the reverse the Hospital Seal. Her Royal Highness graciously accepted a duplicate for herself, which was presented by Sister Garner, A.R.R.C., with the Sisters' Purse of £58 11s. 3d., and Nurse Gwynne also presented the Nurses' Purse of £40. Besides these two Purses a third was presented by "Old Royalites," who, it will be remembered, helped so generously with the Bazaar.

I think the predominating feeling that day was pride in the "Royal," which, with its green and ivory tiled walls, and spacious corridors, looked its very best, the beautiful Out-patient Department, where the chief ceremony took place, enhanced by tall bay trees and a hedge of deep pink rambler roses. This was emphasised by the immaculate uniforms of the Nursing Staff, particularly noticeable in the several Guards of Honour, and a source of great pride and pleasure to their Matron.
